Adamantios Th. Skordos (adamantios.skordos@leibniz-gwzo.de)

Online: ZOOM

The colloquium provides an opportunity to discuss ongoing research on Eastern Europe from a variety of disciplines in the humanities and social sciences. Participants present outlines and chapters from their dissertation, postdoctoral and publications projects as well as drafts of funding applications.

It also aims to share the interdisciplinary and interdepartmental exchange within the GWZO with a wider academic audience, especially in Leipzig. Therefore, we invite to take part in our reflections on an in-depth understanding of the region Eastern Europe based on the current central research themes of the GWZO: 1. Regionalization and Transregionalization, 2. Mobility and Location, 3. Production and Circulation of Knowledge, 4. Cultural Change and Social Order.

These central research themes offer many connecting points, we believe, and we warmly welcome everybody who wants to join our discussions and the further implementation of these central guiding themes in concrete research projects.

The colloquium is led and organized by Corinne Geering, Katja Castryck-Naumann and Adamantios Th. Skordos. If you are interested in participating in the Colloquium, please contact: Adamantios Th. Skordos at: adamantios.skordos@leibniz-gwzo.de.
